

DCA Stud Dog Showcase

By popular request, we are excited to offer a 'Stud Dog Showcase' during the National Specialty week at Purina Farms - currently scheduled for Wednesday afternoon after the conclusion of DCA Puppy Sweepstakes.

It's a unique opportunity to meet available stud dogs in your coat and size, speak with their owners and explore a possible 'fit' for your breeding program.

The Showcase is also open to stud dog owners with frozen semen on deceased dogs, or dogs unable to make the trip to Purina. Both DCA members and non-members can participate.

Stud Dog Owners, here's how to sign up:

- Send an email to: DCABreeder@gmail.com with the following information:
 1. Your dog's registered name, AKC#, coat and size
 2. How semen is available; live cover, fresh chilled, frozen
 3. Your name, email and phone
 4. High quality photo of your dog in silhouette (win photos or candid OK)
 5. A four generation pedigree
 6. Other relevant information you would like to share; health screenings, genetic testing, inbreeding COIs, progeny produced, etc.
- You will receive a 'Profile' of your dog for use during the Showcase along with guidelines for the event. With your approval, profiles will also appear in the Breeders Resource Library on the DCA website after the event.

We're counting on owners to sign-up stud dogs in every coat and size. The deadline to participate ***is April 2, 2022.***

Let's get the sign-ups started and make this inaugural Showcase a great one!
